

Food Delivery Landing Page Code Documentation

Folder Structure

The project follows a standard folder structure:

```
- project-root
  - styles
    - style.css
  - scripts
    - script.js
  - images
    - Icon
    - Cover
    - Image
```

Figure: Folder Structure

styles: Contains the stylesheet file style.css.

scripts: Contains the JavaScript file script.js.

images: Contains subdirectories for different types of images used in the project.

- 8.New Arrivals Section
- 9.Wishes Message Section
- 10.Footer Section

1. Introduction

This documentation provides a detailed explanation of the HTML code for the "Your Project" website.

2. Document Structure

2.1 Head Section

The <head> section includes meta tags for character set and viewport settings. It also links to external stylesheets for fonts and custom styling. Additionally, it includes the title of the website.

2.2 Body Sections

The <body> is divided into several sections:

Cover: The main section containing the navbar, title, and introductory content.

Serve: Section describing the services provided.

Food Menu: Section showcasing the food menu.

Food App: Section promoting the mobile app.

New Arrivals: Section highlighting new arrivals.

Wishes Message: Section allowing users to send wishes.

Footer: The footer section with company information and links.

3. Navbar

The navbar includes a logo, navigation links, and account-related icons. It is divided into three main sections: logo, navigation bar, and accounts.

4. Title Section

The title section includes a cover photo and a title with a call-to-action button.

5. Serve Section

This section highlights what the website serves, including easy ordering, fast delivery, and best quality.

6. Food Menu Section

The food menu section displays categories on the side bar and corresponding food items with images, names, and prices.

7. Food App Section

This section encourages users to download the app with a poster and relevant details.

8. New Arrivals Section

This section showcases new arrivals with images, prices, and item names.

9. Wishes Message Section

A section allowing users to send good wishes with a text input and a button.

10. Footer Section

The footer includes company information, services, support, available platforms, and a copyright notice.

* {  
  margin: 0;  
  padding: 0;  
  box-sizing: border-box;  
}  
  
:root {  
  --first-color: #DC3845;  
  --body-color: #FFF;  
  /* ... (other custom variables) */  
}
```

Figure: Root CSS

Description

Imports Google Fonts.

Defines global styles such as resetting margins, padding, and box-sizing.

Sets custom color variables using :root.

2. Body Styles

```
body {  
  font-family: Poppins;  
  background-color: var(--body-color);  
  color: var(--text-color);  
  /* ... (other body styles) */  
}
```
